TRANSFORMING LIVES SINCE 2003

We hope you will enjoy this bumper edition of the Arnold Foundation Review. It records the progress we have made to date, the celebrations to mark our tenth anniversary and reminds us of some highlights of the first ten years.

There is certainly much to celebrate. Many lives have been transformed and the School has firmly established means tested support for 10% of its pupils through the Lawrence Sheriff bequest (for day pupils) or through the Arnold Foundation (for boarding pupils).

This was our aim when the Foundation was launched in 2003 and we are thrilled that it has been achieved. More than £16 million has been raised and next September we will have

accredited schools, including Rugby, and 50 further state and independent boarding schools working towards accreditation, SpringBoard will transform many 1000s of lives over time.

So our aim for the next ten years is to develop and sustain a programme that is making a massive difference to so many lives and to raise the funds to support our ambitions. All gifts are used to fund Arnold Foundation pupils coming from the UK except where there is dedicated support through the

42 Arnold Foundation pupils in the School and 100 who have benefited; all made possible by the huge generosity of our donors, our partner organisations and the commitment of Rugby School staff. It is a remarkable achievement and supplements the existing Rugby School scholarship and bursary schemes which already benefit 204 pupils.

For the future we need to ensure we sustain this. Our founder is leaving and the Arnold Foundation is his legacy; we are extremely grateful to Patrick Derham for his vision and energy. As a permanent tribute the Governing Body and Arnold Foundation Board are establishing the Patrick Derham Bursary Award and hope that, with your support, we can create a named endowment fund to support Arnold Foundation pupils at the School. You will find more information on the third page of this Review.

Our programme is growing and there are 37 Arnold Foundation pupils at School today with 86 who have benefited to date. Work with 14 partner organisations, principally educational charities and schools, including our new partner The Clarion Voice in Leicester, continues to provide assistance in the identification of pupils and support to them and their families. The team at Rugby School now includes ten Arnold Foundation Tutors who support the pupils through their attachment to each of the boarding houses. With the expansion of the partner network, our Parent Liaison, which provides specific support to families, has grown to a team of four reflecting the number and geographical reach of Arnold Foundation recruitment.

Former Arnold Foundation pupils become Ambassadors for our programme. They keep in touch with us and are asked to give back, raising aspiration both in their home communities and at Rugby School. Arnold Foundation Ambassadors continue to receive our support.

With the launch a year ago of The SpringBoard Bursary Foundation, which was founded on the principles and practice of the Arnold Foundation, many more young people can expect to benefit. With 13 partner organisations and 10

Hong Kong Friends or the Horizon Foundation and we continue to rely entirely on voluntary donations.

We are extremely grateful to all our donors who have made the vision of 2003 a reality. Our next Head Master, Peter Green, shares our commitment and passion for the Arnold Foundation and by 2023, and with your help, we aim to have given a life transforming education to more than 200 pupils and impacted on many more thousands of lives. We hope we can rely on your support.

**Peter Bennett-Jones** Chairman of the Arnold Foundation Board

*“Overall I have thoroughly enjoyed this first term. On the academic front I have experienced dramatic progress in terms of my confidence in my ability thanks solely to the support of my incredible teachers! I feel that I am doing well, and have been particularly pleased to be challenged in lessons. I am trying to improve my competence in classes all the time and would like to maintain the A/A\* grades predictions I have been given. Furthermore, settling in has been far easier than I would have ever expected for the reason that the Rugby School community is so unbelievably welcoming!*

*I can say without a doubt that all of this has allowed me to be the happiest I have ever been in my life, and therefore to realise really just how incredibly fortunate I am to have received this indescribably amazing opportunity!*”

## 2013 FACTS AND FIGURES

Rugby is one of the UK's leading co-educational boarding schools, founded in 1567, which maintains the tradition of innovation in all areas. It is an all round school which values academic excellence, service to the community and which seeks to broaden access and promote tolerance and understanding.

### Pupils

In 2013/14 Rugby has 804 pupils between the ages of 11-18, of whom approximately 82% are boarding. There are 15 senior houses: 8 for boys and 7 for girls including 2 day houses and a separate day house for junior (11-13) pupils. The current boy: girl ratio is 55:45%.

### Teaching Staff

With 102 teaching staff, Rugby's current pupil: teacher ratio is 8:1.

### Fees

At September 2013, Rugby's fees are £10,415/term; £31,245 p.a. for boarders and £6,535 per term/£19,605 p.a. for day pupils (at 13+).

### Scholarships and Bursaries

In 2013/14 246 pupils (31% of the total) will receive a scholarship or bursary at an estimated cost of £2.31 million.

### Finances

- The School's July 2013 consolidated Balance Sheet showed net assets valued at £99.8 million, including School properties (at net book value) of £34.3 million and investments (at market value) of £65.5 million.
- The annual cost of running the School is approximately £22 million and the objective of meeting this from gross fee income is being achieved. The major elements of annual costs are teaching (approximately 43% of total), pupil welfare (18%), premises (28%) and support (11%).
- In 2012/13, the School's consolidated net incoming resources after scholarships, bursaries and prizes of £2.31 million was £2.748 million.
- A full copy of the School's audited accounts may be obtained from the Charity Commission's website ([www.charity-commission.gov.uk](http://www.charity-commission.gov.uk)) or by writing to the Bursar at the School's registered address.

## THE COST OF SUPPORTING A PUPIL AT RUGBY SCHOOL

The current cost of supporting one boarding pupil through the Arnold Foundation for Rugby School is £33,500.

This is calculated at 100% of fees with provision for all essential extras including uniform, laptop, books and course trips.

## PARENT AMBASSADORS

Over the years, we have benefited greatly from the generous support of parents. The Parent Ambassadors embrace both present and past parents and work towards:

- promoting the aims of the Arnold Foundation amongst the parent group
- encouraging support amongst the parent community through attendance at events

During the 10th Anniversary Year their commitment was evident at the Festival on the Close in May, which was attended by over 1,600 parents, pupils and staff of Rugby School as well as at the numerous other events held during the year.

**ALMOST £71,000 WAS DONATED BY PARENTS WHO GAVE THEIR ENTRANCE DEPOSITS WHEN THEIR SONS AND DAUGHTERS LEFT THE SCHOOL IN JULY**

### Two landmark events are planned for 2014:

- A Parent Celebration Fundraising Dinner, on 23 May 2014, the evening before Speech Day. This special celebration will be held in the new Collingwood Hall where guests will enjoy a champagne reception followed by a special dinner. Our fundraising will include a silent auction, promoted before the event so all parents and Rugbeians will have an opportunity to participate via their phones and tablets, and a live auction on the night.

We are grateful to donors who have offered generous auction lots and to the sponsors of the event which means that all proceeds, including ticket sales, will go towards the Patrick Derham Bursary Award. The invitation to apply for tickets has been sent to parents in the Head Master's end of term mailing.

- Afternoon tea for past parents and young Rugbeians who attended the School during Patrick Derham's term as Head Master on 15 June 2014 at Rugby School. An invitation will be extended shortly to remember his time at the School. Thanks may be recorded through support of the Patrick Derham Bursary Award.

**THE ARNOLD FOUNDATION IS FUNDED ENTIRELY FROM VOLUNTARY DONATIONS**

## RUGBEIAN UNDER 30S

The other team engaged with Rugbeians and involving them in the work of the Arnold Foundation is the Rugbeian Under 30s Group.

While not actively fundraising, the Under 30s, under the leadership of Katie Harries (St 00-02) and more recently Heather Smith (St 02-04), have continued to develop their programme of social and sporting fixtures.

The 10th Anniversary of the Arnold Foundation celebrations kicked off in some style at a sell-out event on a snowy Friday in January as 130 U30s gathered at Proud Galleries in Chelsea for an evening reminiscent of Crescent Bar. The after party continued into the early hours of the following morning, as U30s danced the night away.

The five aside football tournament has now become an annual fixture with the trophy awarded this year to the Class of 2008.

Facebook helps keeps Under 30s in touch with each other and the events programme itself. The growing and energetic committee are now planning to start 2014 with another evening of music and reminiscing at Goat in Chelsea on 31 January.

*"I'm yet to experience all positive aspects of my character that Rugby is attributable for and I doubt that discovery will end. In the meantime I am thankful to God for those things it gave me that no other school could."*

### David Ejim-McCubbin (K 09-11)

is in his third year at Brighton University where he is studying Law. Having won last year's legal competition David provides assistance to current participants. He also returns to Eastside Young Leaders' Academy twice a week where he is an academic tutor for the year 9 boys.

**100% SUPPORT INCLUDING FEES AND ESSENTIAL EXTRAS IS AVAILABLE TO ARNOLD FOUNDATION PUPILS SUBJECT TO MEANS TESTING**

As Patrick Derham prepares to leave Rugby School in the summer of 2014, the Governing Body of Rugby School and the Arnold Foundation Board are establishing the Patrick Derham Bursary Award as a fitting tribute to his founding of and contribution to The Arnold Foundation for Rugby School and in recognition of his time as Head Master.

Our aim is simple, to establish an endowment fund with the income used each year to support an Arnold Foundation pupil at Rugby School. We will need investment of at least £750,000 to provide the funding required and generous donors have already pledged £300,000 which is a fabulous start.

As Patrick Derham does not want a gift for himself anyone planning to make a leaving gift is asked, instead, to donate to this fund. Those who have heard him speak, or know something about his background, will be aware that social mobility is not an abstract concept for him.

The award will be known as the Patrick Derham Bursary Award. Pupil beneficiaries will be selected for their considerable potential and will come from IntoUniversity, where Patrick Derham is Deputy Chair of Trustees and which was our first partner organisation operating first in London but now with centres in the South West and East Midlands. The first pupil to benefit from this fully funded award will join the School in September 2014.

We hope we can rely on the further support from Arnold Foundation donors, Rugbeians, current parents, former parents and other friends of the School.

The Appeal is underway and your donations are invited.

*“The Arnold Foundation taught me to make the most of whatever situation I find myself in with positivity and resilience and my greatest wish is to give back to an organisation that has given me so much.”*

**Ololade Akinboro (St 10-12)**

has deferred her offer from Sheffield University and will continue her studies next year.

We will launch formally at the City Drinks Reception with guest speaker The Right Honourable the Lord Thomas of Cwmgiedd (W 61-65), Lord Chief Justice of England and Wales on 28 January. Our fundraising will follow with a Celebration Fundraising Dinner for parents at Rugby School on the evening of 23 May, before Speech Day, afternoon tea for former parents and young Rugbeians (especially those who attended Rugby under Patrick Derham's Head Mastership) on 15 June and our Donors Lunch in Rugby on 3 July.

To make a gift online please go to [www.thearnoldfoundation.net](http://www.thearnoldfoundation.net), or use the donation form enclosed with this Review. For more information, or if you would like to discuss your gift please contact Kerry Wilson, Development Director in the Development Office at the School.

*“My father was a soldier and after he left the Army my family moved to a council estate in the Borders of Scotland where my mother still lives. When I was 12 I was a pupil on board a four masted ship, owned by the Shaftesbury Homes and moored on the River Medway at Lower Upnor in Kent, known as the Training Ship Arethusa. The plan was for me to join the Navy aged 16 but in October 1973 my life was turned upside down when through charitable support I found myself at Pangbourne College. So instead of leaving school at 16 I went on to read history at Cambridge. I can say with confidence that without this opportunity I would not be sitting at the desk of my celebrated predecessor, Dr Arnold, who himself was a passionate believer in the redemptive power of education.*

*My experience means that I am wholeheartedly committed to widening access. I believe that all our schools have a duty to give as many young people as possible similar life-changing opportunities. I passionately believe in giving every boy and girl I can the opportunity to dream dreams and to become as Michael Gove expressed so powerfully, “the authors of their own life stories.”*

*“I will continue to be eternally grateful for this opportunity, because it has opened doors for me and more importantly had substantial positive effects that rippled right through my family into my local community. Both Rugby and IntoUniversity gave me the tools to transform my life and I think it is amazing that both charities are expanding. Hopefully they will be able to reach others that were in a similar position as myself and be able to offer them that same life changing opportunity.”*

**Francesca Oroma Odongkara (G 05-07)**

graduated from Loughborough University in 2011 with a BSc in Design and Materials Engineering. She is currently working as a Traffic Management Coordinator at FM Conway for the London Highways Alliance Contract.

*“I am now in a job which requires a level of education, skills and interests I only had a chance to develop while at Rugby and with the help of so many people who are involved in the Foundation. Rugby has had such a huge impact on my academic, professional and personal life that [had I not attended the School] I can only guess I would be a completely different (and not necessarily a better) person.”*

**Bartek Zakrzewski (W 07-09)**

graduated from Kingston University with an LLB in Law. He is now working at World First, a foreign exchange company as an On-Boarding Executive. He has also just started a BSc in Economics and Finance through the University of London International Programme.

*“I always thought about where I would be in the future. After going to Rugby I learnt that what mattered more to me was who I'd be in the future. It gave me the incentive to be someone. I've met people who have challenged the way I think and that's an important part of my growth that I'm glad to have done in Rugby School.”*

**Agnes Traore (St 10-12)**

is currently on her Gap year and preparing to study nursing at Cardiff University.

*“Rugby was transforming and motivating. [It] has had such a huge effect on my life I see the world in a completely different way now. One of my best experiences was definitely being invited to take part in the Global Young Leaders Conference because I got to meet so many other young people from all over the world and experience our similarities and differences. I can speak to anyone no matter where they are from and I love the fact that I can do that.”*

**Izaak Williams (C 08-13)**

is currently studying Chemistry at Nottingham Trent University.

*"The Arnold Foundation is something I value every day. I look back at Rugby and realise how much it gave to me and how lucky I was. The people I met and the core skills I learnt from my time there will be cherished and carried forward into the rest of my life."*

**Lewis Taylor (M 07-09)**

graduated from Nottingham University with a BSc in Finance,  
Accounting and Management. He is in his second year of  
accountancy at Ernst & Young

*"Without the help of the Arnold Foundation I definitely wouldn't be the person I am today and will always be grateful for all the help I received during my time at Rugby."*

**Oliver Judkins (M 05-10)**

is currently in his third year at Bristol University studying  
Veterinary Science.

*"I can honestly say that the Arnold Foundation is the reason I've been able to dream big and work towards those goals. It has opened my eyes to really understanding my potential and how to work to a high standard, a very useful quality that will help me succeed in my career."*

**Khadija Saye (St 08-10)**

graduated in June with a BA in Photography from the University

and business coaching company as Social Media and  
Marketing Associate. She has also secured a work placement in  
the Business and Support department of the BBC while  
working as a freelance photographer.

*"The Arnold Foundation isn't only for two or five years, it's for life. If it wasn't for the Arnold Foundation I would not be as developed or as confident as I am today, it has allowed me to progress to things that I feel to be out of the ordinary especially for my stereotype in my city."*

**Mitch Williams (K 08-10)**

has just entered his last year of a Sports Studies degree  
at Worcester University.

*"The Arnold Foundation put me in a completely different, and unquestionably more interesting and exciting environment. I got the opportunity to meet people and experience things I never would have otherwise. Without these experiences I doubt I would be half as confident in as many different types of environment as I am today."*

**Astrid Nestius-Brown (St 09-11)**

is currently in her third year studying PPE at Brasenose College,  
Oxford. She has just completed an internship, as International  
Project Intern, with a broking firm in London and in Prague  
shadowing at a security firm.

is currently in her second year studying Civil and Structural Engineering at the University of Leeds.

“The main thing the Arnold Foundation and Rugby have given me is self-confidence. I feel like there's no reason not to give something a go that I want to do or aim for. Rugby made me academically ambitious, but also just determined to fit as much into life as possible - that's why I'm always so busy!”

**Kezia Fender (D 07-12)**

is currently reading German and English at Wadham College Oxford. She has also been volunteering with an Oxford-based charity that offers trips and activity days for children and adults with learning difficulties and disabilities. This year she became Project Coordinator for a student social action group which sends volunteers to tutor 1:1 in state secondary schools to raise aspirations (and hopefully grades).

“The thing that stands out most about my Arnold Foundation/Rugby School experience is being given the opportunity to develop myself, not only academically but also personally. It certainly improved my confidence and gave me skills I wouldn't have attained at a state school. It also gave me a different view of education and a sense of independence and I think without Rugby, university would have been a big shock.”

**Paul Osborne (SF 10-12)**

is currently in his second year studying Virology and Immunology at Bristol University.

“When I reflect back on the opportunities I was given and how much Rugby helped in my application to university I am just so grateful, it also taught me time management which has helped so much with university life! I still give myself a 7-9pm prep time each night!”

**Kayleigh Roberts (D 08-13)**

is currently studying Mechanical Engineering at Nottingham University.

“The Arnold Foundation was a stepping stone to achieving some of my ambitions by providing a brilliant education but also a network of friends for life. Boarding school is an unforgettable experience and the difference it had on me was that it enabled my perspectives to change for the better. It gave me hope that one day my ambitions will become reality.”

**Kevin Phekanan (W 08-13)**

is currently studying Law and Economics at Kent University.

Generous donors have now given £16 million to the Arnold Foundation for Rugby School.

Since the Foundation was launched in 2003, 1,600 Rugbeians, parents and friends of the School have made donations.

Thank you for your generous support.

In our financial year from 1 August 2012 - 31 July 2013 new income of £1,473,839 was received and significant new pledges made. All funds will be used to support pupils at Rugby School.

We are always keen to celebrate our support and thank donors for their generous gifts. However some donors prefer anonymity so their names are not recorded in this publication.

## MAKING A GIFT

- You may donate online at [www.thearnoldfoundation.net](http://www.thearnoldfoundation.net) or by cheque, bank transfer or standing order using the enclosed form.
- By joining 1567 Regular Giving a monthly, quarterly or annual gift is collected automatically by bank transfer or standing order. Regular income from our 1567 donors is particularly important and helps us to plan our recruitment.
- Donations may also be made by card over the telephone by calling the Development Office directly.
- Gifts of shares enable tax relief on the market value of the shares on the date of transfer.
- We hope all supporters will consider leaving a gift in their Will.

The Arnold Foundation for Rugby School is a registered charity so gifts from UK taxpayers may be made tax effectively.

**For more information about donating or to discuss the best way for you to make a gift please contact a member of the Development team. The Arnold Foundation does not seek gifts for capital projects, however if you would like to discuss a contribution for the infrastructure of the School please call Kerry Wilson in the Development Office.**

**If you pay income tax outside the UK you may be able to make a tax efficient gift to support Arnold Foundation pupils.**

Please contact the Development Office, or visit the website, for more information if you would like to:

- make a tax efficient transnational gift in Europe
- support the Arnold Foundation Challenge in the USA
- assist Arnold Foundation pupils coming from Hong Kong
- support Arnold Foundation pupils coming from Scotland through the Scottish Friends of Rugby School
- join the Gulf Friends in their fundraising

Our website [www.thearnoldfoundation.net](http://www.thearnoldfoundation.net) has news of future events and photos from past events, details of how to make a donation and also a link to our DVD which you can download from the icon on the front page.

The Arnold Foundation Facebook page is updated regularly with Foundation news. Please 'like' the page to ensure you receive posts and news from the Development Team.

If you would like more information on any aspect of the Foundation or fundraising please contact the Development Team. We would be delighted to hear from you.

## REMEMBERING YOUR WILL

### ...AND WHO TO REMEMBER IN IT

The most important thing about a Will is to make one.

Important also is the inclusion of all those who will benefit including your family, friends and charities. However, we very much hope you will also remember The Arnold Foundation for Rugby School.

All gifts will make a difference and even an initial £250 legacy would be a wonderful start.

Over the years you may decide to pledge more and it is easy to change the amount, either by a simple Codicil or Letter of Wishes giving your executors guidance on dealing with your estate.

If you give all to your surviving spouse there is no inheritance tax. However a simple letter asking your spouse to donate to the Arnold Foundation would attract gift aid. This would give the Foundation more and cost the family less if your spouse is a higher rate tax payer.

If you have a SIPP you may draw down from the fund during your lifetime and your surviving spouse may continue in the same vein after your death. However the fund remaining on the survivor's death is taxed at a huge 55% after which it can be distributed as you may have directed. If you instruct that the Arnold Foundation is to benefit then the 55% tax is avoided.

When making your Will you should do so with the assistance of your solicitor. If you need more information or would like to make a specific bequest do please contact Kerry Wilson in the Development Office.

*"I'm surrounded by opportunities and have been offered work experience in a law firm through the Rugbeian network; it is great to always be able to continue receiving support from the School. It would be an understatement to describe receiving the Arnold Foundation award as a life changing experience. It took me out of my comfort zone, but in a positive way and I appreciated the constant support received from the staff living around us."*
